Pharmacy Directory

Find an in-network pharmacy near you

Your network includes thousands of retail pharmacies—like local drugstores, grocery stores, big-name retailers, and warehouse clubs—so you can pick up your medication where you already shop.

What to know about this directory.

- It includes major retail pharmacy chains and independent pharmacies in the United States that are in the Cigna 90 Now network.[1]
- Pharmacies are listed in alphabetical (A–Z) order.
- 30-day prescriptions are covered at all in-network retail pharmacies.
- 90-day (or 3-month) prescriptions are only covered at certain retail pharmacies, like **CVS Pharmacy®**. In this document, these pharmacies have a green "**90**" next to them.
- The network changes from time to time, so this directory may not include every in-network pharmacy.
- To find a pharmacy near you, log in to the myCigna® app[2] or **myCigna.com®**.

1. Network as of September 2026. Subject to change.
2. App/online store terms and mobile phone carrier/data charges apply.
3. Not all plans offer Express Scripts Pharmacy as a covered pharmacy option. Log in to the myCigna app or myCigna.com, or check your plan details, to learn more about the pharmacies in your plan's network. Cigna Healthcare, Evernorth Health Services, and Express Scripts Pharmacy are all part of The Cigna Group. This means we have an ownership interest in Express Scripts Pharmacy's home delivery services – but you have the right to fill prescriptions at any pharmacy in your network (as your plan allows). Log in to the myCigna app or myCigna.com to see all of your in-network options.
4. Your plan pays the cost for standard shipping.
5. Express Scripts Pharmacy can automatically refill certain medications. Log in to the myCigna app or myCigna.com, or call 800.835.3784, to sign up. You can sign up to get emails and/or texts from Express Scripts Pharmacy. To get text messages, you'll have to sign up for the Express Scripts texting service. You can do this online or when you call 800.835.3784 to refill your prescription. Once you sign up, just reply to their welcome text to get started. Standard text messaging rates apply.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care provider, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copay, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.
