INTRODUCTION

HMSA's Essential Prescription Formulary for commercial plan members is designed to help keep health care affordable, while maintaining focus on the safety, health, and well-being of our members.

HMSA Essential Prescription Formulary is a managed formulary. Drugs listed on this formulary are considered covered benefits.

Consistent with the principles of this formulary, the HMSA Pharmacy & Therapeutics (P&T) Committee reviews new drugs to assess their safety and effectiveness before they're added to the formulary. The HMSA P&T Committee is comprised of practicing physicians and pharmacists from the community.

In addition to new drugs, the HMSA P&T Committee and HMSA staff continually review the formulary. The formulary approval process helps to ensure that clinical evidence and medical value are considered before cost. If drugs in a treatment class are clinically comparable, the committee will assess cost-effectiveness and choose agents with the best value.
